THE SANITARY COMMISSION

Meets and Completes Health Ordinances.

THE ANTI-SPITTING LAW

The Ordinances Decided Upon as Essential to the Health of the City Will Be Submitted to the Councils For Adoption at the First Meetings—Changes and the Reasons Therefor.

The full Sanitary Commission met yesterday afternoon at the Treasurer's office and passed upon the recommendations of the sub-commission. Every ordinance looking to the betterment of the sanitary condition of the city, recommended by the sub-commission, was favorably acted upon and recommended to the Councils for passage.

There were present at the meeting yesterday Mayor Johnston, City Engineer Brooke, City Attorney Taylor, Dr. C. F. Newbill, president, and Dr. J. Jett McCormick, secretary, of the Board of Health; Mr. Richard Wright, Captain N. M. Osborne, Mr. H. L. Smith, of the Water Department; Mr. J. D. Hoffmeister, Mr. W. W. Guy, Mr. Alex. Nugent and Mr. R. L. Orr, of the Street, Sewer and Drain Commission.

The work of the commission was finished at yesterday's meeting, and at the meeting of the Common Council next Tuesday night the ordinance recommended will be presented that body.

THE FIRST ORDINANCE.

The first ordinance brought up for discussion was one providing that hereafter the Building Inspector shall not issue a permit for the erection of a building unless the person applying for the permit shall previously have a water tap put in and pay for it.

Superintendent Smith, of the Water Department, explained that the object of this ordinance was to compel each house to have its own water connections. Heretofore, he said, many families had been cheating the Water Department by using water from a neighbor's hydrant. Mr. Smith wanted to strengthen the ordinance so as to compel the houses to use water after getting the taps, but City Attorney Taylor thought that could not legally be done; that it was for a citizen to decide whether he wanted water in his house, outside of his closet, where he was already compelled to have it. Mr. Smith's proposed amendment was left out.

ANTI-SPITTING ORDINANCE.

The anti-spitting ordinance next came up, and the members of the commission indulged in some funny remarks on this ordinance. The law had been amended as to the penalty. It formerly provided for a fine of from \$5 to \$20 for violation, but the sub-commission had cut this out, and substituted \$1 to \$5. It applies, as is known, to all public conveyances, public halls, elevators and the sidewalks.

Captain Osborne, of the Board of Water Commissioners, wanted to strike out the word sidewalks, but he was voted down, the other side having one majority.

There was considerable discussion over the measure before it was recommended. It was opposed mainly by Captain Osborne and Mr. Smith—that is, that part relating to spitting on the sidewalks. City Attorney Taylor, Dr. Newbill and Dr. McCormick spoke for the ordinance.

THE STABLE ORDINANCE.

The ordinance providing that hereafter no private stable shall be erected upon a lot without the consent of adjoining property holders and the special consent of Council, was discussed at some length and was recommended to Council for passage. This ordinance formerly included livery stables, but it was so amended that Council's consent alone is necessary to secure a permit for the erection of a livery stable.

The ordinance prohibiting cess pools in yards and those in regard to closets, and the one requiring the connection of houses in courts with sewers were read and approved.

The commission recommended an appropriation of \$200 for the Street, Sewer and Drain Commission to keep the drains cleaned out.

NOON-DAY MARRIAGE.

MISS CORLEY BECOMES THE BRIDE OF MR. LAWRENCE.

A quiet, but beautiful wedding was celebrated at the home of the bride's mother, No. 6 North street, at 12:30 p. m. yesterday. The parties to the contract were Mr. Wallace Lawrence, formerly of Murfreesboro, N. C., and Miss Ethel Lindsay Corley, daughter of Mr. and the late Colonel James Corley, of this city.

The parlors of the residence were handsomely decorated in recognition of the event. The ceremony was impressively performed by Rev. Beverly D. Tucker, D. D., of St. Paul's P. E. Church, in the presence of a few select friends of the happy couple.

The bride was attired in white organdie, with hat and gloves to match. The groom wore a black cutaway coat with light trousers.

At the conclusion of the nuptials an hour or two was spent in social converse, after which the bride changed her attire to a blue travelling gown and accompanied by the groom, left on an extended bridal tour South.

There were a large number of beautiful and costly presents. On their return home Mr. and Mrs. Wallace will reside at the home of the bride's mother.

Among those present at the marriage were: Mr. L. J. Lawrence, Mayor of Murfreesboro, N. C., and Mr. N. P. Lawrence, of the same place, brothers of the groom.

Slowly but surely have our Oxford mixtures worked their way to the front. Your next suit should be one of them. Tailored in our own exclusive way. RUDOLPH & WALLACE, 333 Main street.

GRANBY STREET.

EXTENSIVE IMPROVEMENTS TO BE MADE ON THIS THOROUGHFARE.

Mr. Withers, of Gloucester county, who purchased the remaining portion of the McCullough property on Granby street, near City Hall avenue, will begin the improvement of this property probably before fall. The property was bid in at auction by Mr. Withers for \$500 per front foot, the whole costing him \$36,000.

Messrs. Byrd & Baldwin are agents for Mr. Withers here, and it was stated yesterday by Mr. Byrd that three large brick stores, three of four stories high, would be put up on this site by Mr. Withers. The stores will be of the latest architecture and arrangement, and will be among the handsomest in Norfolk.

With Salamonsky's store, now started, and these others somewhat after the same pattern, it will be seen that the business center of Norfolk is growing toward Granby street. It is not at all unlikely that Messrs. Watt, Rettew & Clay, who own the property on both sides of Salamonsky's site, will within a year or two erect large stores on this property, making a row of some of the finest store property in Norfolk on Granby street.

Mr. A. F. Clay, of Watt, Rettew & Clay, believes that the business section of Norfolk will grow steadily from now on in the direction of Granby street. In conversation with a Virginian-Pilot reporter, he called attention to the alertness shown by business men in securing the Monticello Hotel stores as an indication of the growth of the business section in that direction. This, Mr. Clay believes, is a strong argument, by the way, why the Chesapeake and Ohio should not be allowed to run their tracks to Granby street, as they have asked permission of Councils to do, and Mr. Clay thinks, as do many others, that the Chesapeake and Ohio already has room enough for its shipping, and it would retard the growth of this section to allow the switching of the road to come any nearer Granby street.

The Chesapeake and Ohio, it is understood, will erect a number of stores and business houses on the old Tazewell property, which belongs to that road. The opening of Brooke avenue and the extension of Tazewell street to Granby street will make this property quite valuable.

AT VIRGINIA BEACH.

SUMMER TRAIN SCHEDULE IN EFFECT—THE COTTAGES BEING OPENED.

The summer schedule on the Norfolk, Virginia Beach and Southern railway will go into effect on Sunday next. This will give eight trains a day each way and will be much appreciated.

A large number of Richmond and Petersburg people reached Virginia Beach yesterday and opened up their cottages for the season.

A private car of the Norfolk and Western line reached the Beach yesterday with a number of Western freight agents aboard. They will spend a day or two at the Beach.

The Atlantic Hotel opened yesterday in a very successful and satisfactory way, there being a large attendance of guests from Norfolk, Portsmouth and various outside points.

Fishing is very good now and a sport much enjoyed by the visitors at the Beach. Bathing has also begun.

Truck and berry shipments from points along the line have been heavy this season and are still large in volume.

Suit For Damages.

The Baltimore Sun of yesterday says: "The suit for \$10,000 damages of Henry P. Tall against the Baltimore Steam Packet Company for being shot in the right arm on the company's steamer Alabama is on trial in the Superior Court. Mr. Tall was shot on March 2, 1898, in the smoking room of the steamer while on a trip to Baltimore by one of two passengers who had been playing cards. The card-players quarreled and one of them, who was knocked down by the other, fired the shot which struck Mr. Tall, although not intended for him. Captain Bohannon, of the steamer, seized and disarmed the man who did the shooting. It is claimed that the company is not liable for the injury to Mr. Tall, as prompt measures were taken by the officers of the steamer to quell the disturbance as soon as they knew of it."

Mrs. Lucy A. Carroll Dead.

Yesterday's Baltimore Sun says: Mrs. Lucy A. Carroll, aged 63 years, died yesterday morning at the home of her son-in-law, Mr. William Lanahan, "Beaumont," on Bellona avenue, near Charles street extended. About two weeks ago Mrs. Carroll received a fall at "Beaumont" and dislocated her right hip. She had not at the time fully recovered from a severe attack of pneumonia, she contracted while on a visit to her daughter, Mrs. A. R. Nash, in Norfolk, Va. Mrs. Carroll was born in North Carolina. She lived many years in
